

BODY WORN CAMERAS

The Carlstadt Police Department is pleased to announce the implementation of body worn cameras beginning on April 1, 2022. These cameras will be used in accordance with the guidelines established by the New Jersey State Attorney General.

Body Worn Cameras (BWC's) capture an accurate and unbiased account of a police involved incident while maintaining proper preservation of evidence.

These cameras will strengthen the trust between the police and the public while maintaining accountability and transparency. Below are pictures of the Motorola V300 Cameras that will be worn with possible mounting locations.
